Forecast For East Midlands
Issued by Met Office Exeter
at 0400 on Thursday 18 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy with patchy rain at times.

Today:
Largely cloudy, with the odd spot of rain across eastern parts, although some brighter spells further west. Cloud and wind increasing later in the day, with patchy rain spreading westwards. Maximum temperature 10 deg C (50 deg F).

Tonight:
Cloudy with periods of mainly light rain along the east coast at first but spreading inland after midnight. Breezy, especially along the coast. Minimum temperature 5 deg C (41 deg F).

Friday:
Cloudy and much cooler than of late along the east coast with further patchy light rain. Staying cloudy through the day but drier periods developing through the afternoon. Maximum temperature 10 deg C (50 deg F).

Outlook for Saturday to Monday:
Mostly dry through this period but still rather cloudy. Feeling cool underneath the cloud. The best of any cloud breaks likely further east on Monday.
